

FIRST-TIME WRITERS! LIFELONG POETS! TRUTH-TELLERS!

YOU COULD HAVE YOUR **POEM PUBLISHED** AND BE PART OF A FILM ABOUT **CLIMATE CHANGE ON THE BBC...**

Here's how...

Write and submit a poem about climate change and your dream world. The poems will be shortlisted and published by Comic Relief and shared with the incredible George the Poet – to inspire his own epic poem, and a film for the BBC. Your words could feature in a film on TV – and be seen on social media by people all over the world.

We'll even bring a film crew to film with the winners.

Send us your poems or come along to our poetry writing workshop.

Visit www.comicrelief.com/project-dreamworld to get some ideas and find out how to submit.

Email submission@tilitonsefoundation.com for information or to sign up to the workshop.

Help us make people think, laugh, cry, and do whatever's in their power to slow down climate change and support the communities who are most affected by it.

You do NOT have to be an experienced poet! We encourage everyone aged 15-30 to get involved.
